About Company

Rouhani Insights (P) Ltd is pursuing excellence in the fields of Web Development, Data Engineering and Data Analytics since 2018

Comparatively new in the field while having the immense experience of the key people gives us the advantage of minimal baggage of a big house along with the wider range of services with precise efficiency

For us at Rouhani, excellence is not a choice but a habbit

Director's Message

Architects of
Our Journey
towards Excellence

Mr. Rouhin Banerjee

Mr. Anisur Rahman

Rouhani Insights Pvt. Ltd. was a dream, 5 years ago. After half a decade, we are firm on the roads, stepping stronger every day. Today we are venturing in different fields of Software development including Data Science / Data Engineering, Web and E-commerce Development, Supply Chain Management and Mobile App. We strongly believe in Co-Existence. Our clients, employees and associates are all part of a bigger way to success, because for us, success is not merely achieving our target but achieving it with happiness and joy. We believe that work without pleasure or pleasure without work are equally avoidable
