Who we are

We are Tier5 Technology Solutions Pvt. Ltd.

Tier5 is considered to be the first-ever community-owned and operated software development firm. The company specializes in making innovative and user-friendly products that enable business owners to attain more clients and grow their business simultaneously.

The company has more than **30 state-of-the-art software products** in its kitty that are loved by over 15,000 customers globally.

Headed by **Ms. Aunkita Nandi, Managing Director / Co-founder, and Mr. Jon Vaughn, CEO / Founder,** Tier5 is on the path of becoming one of most acclaimed SaaS companies globally, with a leadership position in the market.

Tier5 is the winner of **'India 500 Most promising IT Company 2021'** award by the India 5000 Group.
